Client Relevance Awareness:

The Experts provide clients with timely news updates and monitor media content, encompassing both traditional and digital media platforms, to enable clients to stay informed about prevailing trends and gather accurate and reliable information about markets and competing companies.

Published Material Monitoring:

We monitor and track media outlets across all platforms and prepare media reports.

Research and Studies:

The Experts conduct research and studies on media publishing due to its importance as a performance indicator for client activities, which include news, reports, images, and caricatures published in printed and online media about client activities, documenting and archiving them with a scientific methodology, and notifying relevant parties with necessary messages via all means that are useful in decision-making, analysing media content, and compiling statistics and data about the entity's position in the media to address any shortcomings and support strengths.

Analysis and Tabulation:

We monitor and analyse the performance of media campaigns using integrated analytical tools in public relations insights to gain deeper insights and understanding of your brand reputation and enhance its return on investment for clients.

Digital Marketing Channels:

Twitter – Facebook – Instagram – LinkedIn – YouTube – Snapchat

The Experts aim to enhance the image of institutions and companies through a mix of exciting and engaging marketing channels. However, this requires special attention and real-time monitoring of your page, as well as the ability to have direct conversations with customers of your brand and share content about your activities on their networks.

Effective and Influential Publishing:

Our efforts focus on formulating innovative and influential ways to manage and disseminate messages through social media networks, digital platforms, and search engines to enhance direct and effective communication with the target audience, including partners, clients, and consumers.

Paid Advertisements:

To reach a larger audience, advertising through social media platforms is important. It helps clients identify their target audience and the geographical area in which they want to advertise. This is one of the most successful ways to quickly reach customers. Therefore, paid social media advertisements are an important option among the social media marketing services we offer through influential social media platforms and influencers.

Increasing Brand Preferences:

■ We update and develop the brand, as our team provides the necessary expertise to design brands that represent a modern and attractive identity, to achieve the highest levels of quality and elevate your business. We can also assist our clients with any requirements such as designing printed materials, brochures, billboard advertisements, etc., or help you design special pavilions at exhibitions and major events.

Video and Infographic Production:

Video and Social Media Clips Production

- Videos are one of the most important modern means to reach the target audience. Our team of experts works on producing commercial and entertainment videos that introduce companies, institutions, and their projects. We aim to provide you with an enjoyable experience and excellent service that meets your satisfaction.

Infographics

- The Experts is a company specialized in content analysis and segmentation, in order to make the content easier to understand, more engaging, persuasive, and shareable across different media. Therefore, designing infographics allows us to creatively express your activities and services.

Corporate Social Responsibility and Branding:

Corporate Social Responsibility (CSR) is a model for companies to be socially responsible towards themselves, stakeholders, and the public. By practicing corporate social responsibility, also known as corporate citizenship, companies can impact the economic, social, and environmental aspects of the community by maximizing value, and minimizing risks to the business of companies and institutions.

Importance of Corporate Social Responsibility Activities

At The Experts, we assist you in implementing CSR plans to:

- Shape your brand identity differently.
- Build a positive reputation in the social sphere and enhance your presence in society.
- Develop employee relationships, and boost morale and enthusiasm, which impacts loyalty and productivity.
- Build a reputation as a responsible company, which can lead to a competitive advantage.

Media Studies and Research:

The Experts conduct studies in the fields of public relations, communication, media, and marketing. This includes surveys, opinion polls, and research to develop key media messages in an effective manner that serves clients' aspirations professionally and reliably.
